Spelling Bee Rules:

1. During the competition, each student will be given a word to spell by the Pronouncer. The student should say the word, spell the word, and say the word again. The student will not be eliminated if they do not say the word before or after spelling it.
2. The speller may ask the Pronouncer to repeat the word, define it, and/or use it in a sentence.
3. Having started to spell a word, the speller may stop and start over from the beginning. While retracing, there can be no change of letters or their sequence from those first spoken. If letters or their sequence are changed, then the speller is eliminated.
4. If the student misspells the word, then they are eliminated, unless there are only two spellers remaining. The next speller is given the next word on the word list.
5. When there are two spellers remaining, the elimination process changes. When one speller misspells a word, then the other speller is given the same word to spell. If the second speller spells that word correctly, plus the next word on the word list, then that speller is declared the winner. If both spellers misspell the same word, then the speller who first misspelled the word is given a new word to spell.
