

Returning Student Online Registration NOW OPEN!

The families of returning District 97 students will be able to complete online registration for the 2017-18 school year from Thursday, May 25 to Thursday, June 8. Below are the steps/requirements associated with this process:

1.) You will receive an email titled "2017-18 Returning Student Registration." Please click on the link in that email, update/verify your information and hit submit.

2.) You **MUST** re-enroll all returning students in grades K-8, even if, for example, your middle school student has already selected classes for next year.

Students/families will not receive class lists or schedules until they complete the registration process.

3.) If you are a renter with a lease expiring before August 23, 2017, you must provide the district with your updated lease and at least one major piece of mail in your name (e.g., utility bill, bank statement, cell phone bill, etc.) before you are able to re-enroll. No appointment is needed for submitting this documentation.

If you fall under the category of "Lives with Residents/In Lieu of Lease Residents," we will need updated forms from you. Please visit our website, click on registration and then click on forms to retrieve the proper documentation.

McKinney Vento Families– Please re-enroll at the District Office by or before June 8.

Please contact the registrar at sgreen@op97.org to set up an appointment date.
