Mark your calendars now...

The Imagination Conference is an invitation to unleash our imaginative and artistic powers in the service of education and planetary survival through stories, conversations, problem-solving, drama, games, music, movement, simulations, dancing, and more...please join us!

■ **Friday keynote: "Children's Voices" 7 pm**

A multimedia live program featuring Bill McGlynn, Director of the renowned CAST program (Communication Arts, Speech and Theatre) at Percy Julian Middle School, Oak Park, and Student Ambassadors. CAST aims to "tell stories about young people and their journeys to find themselves." Share original stories and performances and talk with the students from this model middle school integrated arts program!
