**"Structured Teaching for ASD (Autism Spectrum Disorder):
An Introduction for Parents and Educators"**

Dr. Jeff Salt, Clinical Psychologist
Christopher Flint, M.A. Autism Specialist

Saturday, April 25, 2009

8:45 sign in and coffee

9:00 AM—12:00 Noon Presentation

(There will be a break and time for questions)

Holmes Elementary School Auditorium
508 N. Kenilworth (Kenilworth & Chicago Ave.)

TOPICS WILL INCLUDE:

- Orientation to the TEACCH Philosophy
 - Basics of Structured Teaching
 - Video Examples
- Practical Applications for Interventions at Home and School

Christopher Flint, M.A. is an autism specialist and educator with classroom and home teaching experience. He has presented at the International TEACCH conference and is lead trainer for interactive, week-long TAP (The Autism Project) trainings.

Jeff Salt, D. Clin. Psy., is the Director of Psychological Services at *Have Dreams*. Jeff is a trainer for the ADI-R and ADOS autism diagnostic instruments. He is a trainer for the interactive TAP structured teaching trainings.

The TEACCH approach to structured teaching was developed at the University of North Carolina. Structured teaching provides structure and organization to assist individuals on the autism spectrum to better understand their environment. The long term goal is to function as meaningfully and as independently as possible in their community.

The District 97 Saturday Workshop Series has been developed in cooperation with the Supported Education Association (SEA), a support and advocacy association for parents/guardians of children with disabilities living in the Oak Park and River Forest area.

Everyone planning to attend must RSVP to:
