

Kindergarten- 5th Grade Reading List

Dear Parents and Students,

Below is a list of suggested book titles. Please note that grade level allocations are intended as the loosest of guides. Many children read considerably above or below any grade demarcation and also dip, with real pleasure, into books they may have missed along the way. I hope you find a few new books on this list that you enjoy. If you have any favorites that you would like to add to this list, let me know, I would be more than happy to do so. Happy Reading! 😊
