

# Therapeutic Tutoring

Smart Love's Therapeutic Tutoring services combine traditional academic tutoring with a therapeutic approach to create an effective solution for students in K–12 who struggle with learning in their core subjects. Your child's tutor is an experienced educator, trained to build confidence and self-esteem by helping children address their emotions surrounding school, learning, or any challenges this school year may bring.

### Therapeutic Tutoring will help your child:

- Improve attitudes toward school
- Increase motivation to complete school work
- Strengthen capacity to cope with frustration and challenges
- Access innate strengths
- Improve attention and concentration
- Build organization and planning skills

### Why Smart Love?
