## EXTENDED DAYCARE PROGRAM

Hatch Elementary School  
Presents:

Mondays

### APOLLO BUILDERS

Everybody likes to build! Creating new objects has always been at the core of human existence, and is one of the most rewarding and fulfilling activities for the old as well as the young. In our club, your child will learn many basic building techniques and will be encouraged to put their imaginations and hands to work in making their ideas turn into reality.

Tuesdays

### APOLLO OLYMPIANS

Zumba! Yoga! Dancing! These easy fitness activities for kids make exercise so much fun that your children won't notice they're working out. When you motivate children to exercise, they will be happier, healthier, and more focused!

Wednesdays

### ARTS & CRAFTS

In Arts & Crafts Club, young Apollo students will learn many techniques to turn their ideas into reality under the guidance of our Apollo staff. Club members will use their creativity and imagination to make many objects for gifts and decorations.

Thursdays

### BOARD GAMES CLUB

Whether in games of chance or games of skill, board games are an incredible source of fun, social interaction, and mental activity. Students in this club will play many of their favorite board games, and even learn some new ones to teach their parents.

Fridays

### BASKETBALL

The children are taken through various exercises, drills, and games to improve their basketball skills. The children will learn about the history of the game of basketball, key players, and different key mental aspects of the game that players must possess in order to be successful on and off the court. This training is good for players of all levels.

# APOLLO APPROACH

The Apollo After School program develops skills and interests that will help children succeed both in and out of school.

Our clubs create a fun and healthy learning environment for our students through a mix of physical, intellectual, and social activities.
