

Oak Park and River Forest Parent Leadership Trainings!

Do you want to learn how to set personal and family goals and reach them?

Are you interested in working with other parents and grandparents to make Oak Park and River Forest a better place for families, especially ones with babies, toddlers and preschoolers?

Please join us for a free leadership workshop series, starting in January.

The 1st workshop will help parents and grandparents get to know each other and set goals for themselves.

There will be an introduction session in December to learn more.

Child care is available at training. Preregistration is encouraged, but not required. To register, request child care or for questions, please call COFI and ask for Graciela and Patricia at 312-226-5141.

Trainings are co-hosted by the Collaboration for Early Childhood and Community Organizing & Family Issues (COFI).

Parenting **RESOURCE** Program
