

Student Name:

Welcome to the new school year!

This year we are using Zearn Math in our classroom and I want to share more information on Zearn as well as your child's login information.

Zearn is a nonprofit organization with a mission to help every child learn and love math.

In our classroom, Zearn helps personalize learning for every student. It does this in a couple ways. Your child will learn and practice math with engaging digital lessons that challenge and support them precisely when they need it. Zearn Math also helps me spend more time teaching in small groups, focusing on exact areas your child needs support.

If you would like to learn more about Zearn, visit their website at www.zearn.org, scroll down and view their orientation video.

Below is your child's login information for Zearn:

- 1. Go to www.zearn.org**
- 2. Enter username and password**

Username:

Password:

- 3. Click "Sign in" button**

If you'd like additional information on Zearn, visit their Help Center:
